REPRESENTATIVES MEET TODAY

WILL HOLD MEETING AND ORGANIZE LEAGUE.

The Rio Grandes, Short Lines, Ogden and Pocatello to comprise the circuit—Prospects are bright.

At 1 o'clock today in the Grand Pacific hotel the first steps will be taken in the organization of a Utah-Idaho state league. Representatives from the Rio Grandes, the Short Lines, the Ogden and the Pocatello are to meet in conference and are to do as much as can be done to get the league under way. As planned it is to be an elaborate affair, and a schedule of games is to be arranged that will last the entire summer.

The withdrawal of Ted Sullivan from the Montana league proposition has killed all hopes that Salt Lake might have entertained for that organization. As far as Salt Lake is concerned the league proposition fostered by Messrs. Sullivan and Lucas is nil. This city is now going into the Utah-Idaho league, and is going into it with all the baseball enthusiasm that it can bring to bear. The local fans will therefore, await with anticipation the action of the representatives that are to meet today. There is no question but that Salt Lake wants good ball this summer, and it seems that it is going to get it, even though the Montana-Utah league has gone where the woodbine blooms.

Manager Ryan of the Pocatello nine came into town last evening, and after a conference with the local enthusiasts he announced his decision of coming into the league with a strong team. Pressure of business would not permit him to remain in town for the meeting today, but he left word that the Idaho team wanted to be counted in, and wants league ball bad. They will ratify the schedule when it is made out, and will have any money that may be necessary to hold up their end of the league.

Manager Ryan has by far a better crowd of players than has ever been gathered together in his city, and that is saying quite a good deal. He has Kleiber of St. Louis and Clark of Santa Cruz, who played with the California league last year. Both Neubanks and Martin are with the Idahoans again, and two good men are on the way from Kansas City to help matters out. Both of the railroad teams, men from the outside. The Short Lines have been working quietly and have not been saying much about the material that they are recruiting. It is understood that they will have some surprises to spring on their unsuspecting brethren of the willow stick. The Rio Grande team is to be composed of several of the best local men, and quite a number are to be imported. Salt Lake will be well represented, and will hold its own in the league.

Ogden, which for a time, favored the league proposition of Lucas and Sullivan, is now back into the fold again, and will have its representatives at the meeting to organize the league. The dropping out of "Casey" from the nine has left it somewhat weaker than it would have been otherwise, but the franchisees will be a good team just the same. For the past few years Ogden has been building up its team and getting a better aggregation all the time. From all the indications the series of games will be close right from the start, and it will be no easy matter to pick the winner.

The advantages of league ball over that furnished by independent nine are too numerous to count. League ball means, first of all, that there will be no faking and no soldiering. It means good baseball, and some kind of system to it. The general public will take an interest in the games of a league where the championship hangs in the balance.

One of the best things about the league is that it is to be under the national agreement. While no word has as yet been received from Nick Young on the subject, the local men have written to him and they will doubtless be admitted. That will put the league in the class of the minor leagues throughout the country, and will place their records and their standings in the sporting papers of the country. Those who are anxious for the welfare of the baseball in this city will look with favor on the efforts of the local men to organize a league. It will be the best thing that could happen for the sport.

Caught on the Fly.
The Rio Grande team will hold its first regular practice this morning at 10 o'clock. All of the men that are in town will be out, and some good work is expected.

Hopkins, who is well known as a safe player, is to be with the Rio Grande this season. He is now in Kansas city, and will be here as soon as a train can carry him.

The High school team had several good practice games last evening, and showed up in good trim. While the boys have the unavoidable task of breaking in some green players, they still have hopes of making the honors this season. The High school boys have a way of pulling out on top of the heap, and they do not intend to disappoint their friends this year.

The engagement of the Cate brothers of California by Manager Fulton of the Rio Grandes will materially strengthen his team. Both of these players are said to be of the kind that National League players are made of, and Fulton has great hopes for them.

The Y. M. C. A. has done nothing in baseball as yet, but it is expected that at an amateur team will be organized this year, and that some games can be arranged with the school teams and the other amateurs throughout the city. The Christians have all kinds of ability to work on, and ought to be able to get up a crack team. Secretary Aiken is thinking hard these days, and he supposed that something will happen soon.

BUTTE IS SOLID.

And Lucas Thinks Ogden is With the Utah-Montana League.

(Special to The Herald.)
Butte, Mont., March 10.—Butte is all for the Utah-Montana league. The outlook here is very bright, and Butte will organize next week without fail. It is rumored that Ogden will join the railroad circuit. It cannot be known for sure, but it is believed that Ogden will join the league. On the strength of their assurance I came to Butte and Helena, and as the result shows.
Butte is organized and Butte is a solid. I was authorized by the Y. M. C. A. to state to Butte and Helena enthusiasts that Ogden would join the Utah-Montana league project. Because of this assurance Helena organized, and Butte is now taking action. I feel confident Ogden will join soon.

PLAN TO HOLD A BIG REGATTA

ROWING CLUB GETTING READY FOR THE SUMMER.

If Certain Concessions Are Granted By the Saltair People the Sport Will Receive a Big Boom.

If the Salt Lake Rowing club gets certain concessions from the Saltair management that were asked for some time ago, the coming summer will bring forth all kinds of big things in the way of boat racing. What the Rowing club has asked for is permission to build a regatta on the lake in modern style. If granted they will then go to work to arrange a big rowing regatta that will open the eyes of the residents of Zion as to the possibilities for sport that abound in the saline waters of the lake. The club house would include a place for the boats and dressing rooms for the rowers, and up stairs would be a smoking and lounging room fitted up in lavish style.

The communication asking the Saltair people for certain concessions that would enable them to carry out these plans was sent last December, but no answer has been received as yet. If it goes on without an answer much longer the time will be past when the regatta of the plans will be within the range of a possibility. But if something is done at once in the matter, it is figured that there will be time to carry out the plan in a satisfactory manner, though a little of the sumptuousness that was counted on will be necessarily omitted.

But should the whole thing fall through the club will still maintain an existence and from the interest that is being manifested among the members of the Salt Lake rowing club it may be anticipated. The club last year furnished some interesting races and the real interest in the work had just gotten well started when the season closed. With a body of water so near to the city there is no reason why boat racing should not be just as big a sport locally as anywhere else. If the members of the Rowing club make it so they will do all in their power to bring about such a state of affairs.

WORK BEING PUSHED.

Golf Course Will Be Ready Inside of the Next Two Weeks.

During the pleasant weather of the past week, work has been rushed on the golf course of the Country club, and in the course of two weeks it will be finished. Should the pleasant weather continue, the members of the club will begin the playing of the game as soon as the course is finished. Many of them have already gotten out their clubs and their brassies and in secluded places, have held hourly practices to gain proficiency in making drives without leaving large indentations in the turf.

Among the ninety members of the club, there are many who have played the game on links in the east and who have attained considerable skill. It will be their part to show their fellow members just how it is done. There may be some trying times at first, but by the time the spring is well on its way, those who haven't played before will have learned the rudiments of the game, and some good playing may be expected this summer.

IS NOW ASSURED.

Shooting Tournament to Be Held Here May 1.

The members of the Salt Lake Gun club are now planning for a tournament to take place in this city on or about May 1. The Butte and Ogden gunners are to be brought down, and a few crack shots from Denver are to come over to make things lively. The local devotees of the trap have been thinking of getting up something in the line of a tournament all winter and now that it is practically assured they are jubilant. John N. Sharp is the secretary of the club and he has been in communication with the Butte and Ogden boys for some time past, with a view to bringing about the tournament. Yesterday's shoot brought forth some good work by several of the members. J. F. Cowan made a clean score of twenty birds and followed with eight more out of ten, making a score of twenty-eight out of a possible thirty. L. E. Ritter, Jr., who had never before shot from a trap did well for his first time, scoring fifteen out of a possible thirty. He gives promise of being one of the crack shots of the club as soon as he gets into the swing. J. N. Sharp showed up in his old time style, breaking twenty-seven out of a possible thirty.

The club score is as follows:
Henrichs.....1000 1010 1111
0111 0110 0110—29
John Sharp, Jr.....0100 1111 1111
1110 0110 1111—23

1111 1101 1011—28
J. N. Sharp.....1011 1111 1110
1111 1111 1111—27

Fencing Club Formed.

The athletes of the Y. M. C. A. decided to vary the monotony of their gymnastic work Thursday night of last week and they accordingly formed a fencing club. There is considerable interest in the club among the members and as soon as an equipment can be secured, active work in slashing each other will begin.

Cycling.

WHEEL NOTES.

Riders Going Into Active Training For the Coming Season.

As the time for the opening of the bicycle season draws near the riders who are to try their speed on the saucer track are beginning to think seriously of going into training, and several of them have already done considerable work along that line. From the interest manifested by the riders there are good odds to be made that the coming summer will see a big boom in the sport. Among the amateurs the object striven for is to best Eddie Smith, who took almost everything in his class last year, and who will be able to take care of himself this season. No definite information has as yet been received as to who of the riders of national fame will be with the home riders, but it is practically certain that John Lawson and his followers will be back. They have said several times since leaving this city that Salt Lake is the best racing town for its size that they have ever been in, and have given it out as their intention to come here again the coming summer. They will be accorded a royal welcome from the home boys when they come, for they all proved themselves to be clean sportsmen and good fellows.

One of the most important things done in local racing circles the past week was the forwarding to the board of control of the National Cycling association a petition to reinstate the Salt Palace track. Those who followed the sport last season will remember that the track was blacklisted because of the non-payment of prizes by the Salt Palace management. In order to race this year under the rules of the association it will be necessary to have the track reinstated, and an effort to bring this about has been made. There is but little doubt but that the board of control will gladly, do as requested, since assurance has been given that the procedure of last year will not be repeated.

There has been some talk the past few days by the riders of promoting a race meeting during the coming week. Some of them favor the idea, while others say that it should not be attempted. Those who have come out against it are of the opinion that it could not be made a success, as the racers could not be in proper trim. Then, again, they say that the weather might be unfavorable, and all the plans that were made would go awry. It is not likely that the race will be promoted, although it might give a line on the winners of the coming season should it be pulled off.

Several improvements in the Salt Palace track are being planned by the new manager, Max A. Peters. New and more commodious dressing rooms are to be provided for the riders, and the public that attends the races is also to be given better accommodations. These will all be ready at the opening of the racing season on May 20. Training passes have been issued to the riders, and many of them are daily at work on the track negotiating the sharp curves.

According to the bicycle dealers of the city there has been a much larger sale of wheels this year than any previous year, and it seems that a large portion of the residents of Zion will be wheel cranks. Nearly everybody is purchasing wheels, and nearly everybody is speculating upon the prospects for the coming racing season.

Among the new faces that will be seen on the track this year are J. A. Augustus, phys. all director of the Y. M. C. A., and Doc Ritter, a speedy little quarterback of last year's High School football team. Great things are expected of both of them.

GOOD FIGHT ASSURED.

Rowan-McDonald Match to Come Off Wednesday Night.

The Salt Lake sporting public has been regaled so many times with fake fights that it has gotten a little scared of attending anything pulled off within the city limits with the name of a glove contest attached. This is but a natural state of affairs, in view of the conditions that have prevailed, but assurances are given out that a square match is to be pulled off Wednesday night of this week, and it certainly looks as though it will be. It is to be between "Dummy" Rowan and Bert McDonald, and is to be held in the large hall about the Pabst saloon. Jack McNamara is managing the bout.

Both of the participants of the mill have good records, and both of them are known to be out of the class of fighters usually dubbed quitters. The fight is to be for ten rounds or over, as the referee may decide, and is to be governed by Marquis of Queensberry rules. It will be at catch weights, for \$150 a side and 75 per cent of the gate receipts.

"Dummy" Rowan is well known throughout the United States as a fighter. He has been in several scrapes in the mining camps, and has always acquitted himself as a clean, speedy man with his mits. He has a record of great length. He has won forty-one battles, has fought eleven draws, and has lost only three fights, one of which was to Kid McCoy four years ago, and

was lost on a foul. If he wins the fight on Wednesday night he is to challenge George Green.

Several good preliminaries are planned to precede the main event of the evening. Jack Wade and Tim Francis are to mix for six rounds, and "Silent" Rowan, the husky brother of "Dummy," is to meet Dave Willis for four rounds.

PETER GOES HOME.

Famous Colored Heavyweight Returns to the Antipodes.

Sar. Francisco, March 10.—Peter Jackson, the world's famous colored heavyweight, is about to return to his old home in Sydney, Australia, there to remain. Jackson is at present in Victoria, B. C.

It is worthy of note that W. W. Naughton, the sporting writer on whose advice Jackson first came to the United States, is the one who has prevailed upon him to return to his former home in the colonies.
"It is Jackson's intention to take up his old work of teaching sparring," said Naughton. "A fund has been placed at my disposal to defray all the expenses of Jackson's homeward trip, and he will be comfortably provided for."

ON THE TURF.

What the Local Horsemen Are Doing These Spring Days.

Very little that was new happened among the followers of local turf matters the past week. It is not expected that much will be done until some one takes hold of a track and fixes up some suitable training quarters for the horses. While most of those who own valuable animals are making good use of the pleasant weather by taking them out for a spin now and then, there is very little being attempted in the way of systematic training, and there won't be much more until a track is fixed up and thrown open. From the number of fine animals and the interest being manifested by the horsemen the coming season ought to be made a record-breaker. If good races are given by those who take the matter in hand, the sporting public will do its part by swelling the attendance.

Some improvements are contemplated at Calder's park that will be a great help to those who take their horses there to train. A gate is to be cut into the park from Fifth East so that those who are taking a spin on the drive may enter the park and try their horses on the track.

Estimate of Filipinos.

Paris, March 10.—The newspapers here this week publish a statement of the American losses in the Philippines furnished by Agoncillo, the Filipino agent, which even the papers publishing it describe as fanatic. According to Agoncillo, 6,589 American soldiers have been killed and 17,448 wounded between February and November, 1899, without reckoning the losses by disease.

GAINED 25 POUNDS IN THIRTY DAYS.

Read the Encouraging Statement of Wm. Green and then Follow His Example.

Mr. Green says: "I have suffered for two years with my stomach. I had cramps, the food soured on my stomach, I threw up, was in constant pain, and lost nearly 30 pounds in weight during my sickness. In despair I went to Drs. Shores & Shores, and began their treatment. I improved from the first with these Doctors, and today I feel almost entirely well—after one month's treatment. I have gained 25 pounds in 30 days and feel like my trouble was gone. I cannot thank them enough, and you can save for me that I earnestly advise all sick people to see these wonderful Doctors."

CATARRH OF HEAD AND THROAT.

Hard, rough, catarrhal mucous sticking in his throat was the condition of William A. Jones, when he came to Drs. Shores for their treatment. Read the result of that one week's treatment, and come and try it in your own case. It's results, that's it. Drs. Shores, the people's specialists, is where you can get cured.

Mr. Jones says: "I have suffered for the past year from a bad case of Catarrh in my nose and throat. My nose was constantly closed up, and the hard, tough mucous would fill up my throat so that it would choke me, and I would spit up hard chunks from my throat as large as the end of my finger. My sleep was poor, and after eating, my stomach would feel heavy."

"After one week's treatment with Drs. Shores I can say that my nose and throat are clear. I sleep well and my stomach feels all right. In fact, I am feeling splendid, and would be glad to have anyone call on me if they doubt the genuineness of this statement."
